

How to

Search the
NHS
Knowledge &
Library Hub

The NHS Knowledge and Library Hub is a discovery system which connects NHS staff and learners seamlessly to a range of high quality knowledge and evidence resources all in one place.

It offers an intuitive search experience for quick searches and options for in-depth searches. It includes:

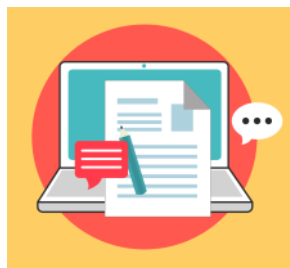

- Over 7,000 journals
- Books and e-publications, including the Oxford University Handbooks.
- One-click access to the full-text where available, to request a copy, or to contact the library.
- Links to clinical decision support tools such as BMJ Best Practice and UpToDate.
- NICE pathways and guidelines.
- Databases like Medline, EMBASE and Cinahl.

Login with your NHS Athens account for full-text access to all the resources!

<https://bit.ly/ECT-Discovery-Search>

Open the [NHS Knowledge & Library Hub](#).

Click the yellow bar at the top of the page and login with your [NHS Athens](#) username and password.

Enter your search terms in the box and click the 'Search' button.

The screenshot shows the NHS Knowledge and Library Hub search page. At the top is the NHS logo and the title 'Knowledge and Library Hub'. Below this, a search bar contains the text 'Searching: Health and care evidence, from Health Education England'. There is a 'Keyword' dropdown menu, a text input field with the placeholder 'Enter any words', and a 'Search' button. Below the search bar are links for 'Search Options', 'Basic Search', 'Advanced Search', 'PICO Search', and 'Search History'.

The search results page will open, showing your results in the middle column. Some topics will have a 'Research Starter' at the top, giving an overview of the topic. Click to open.

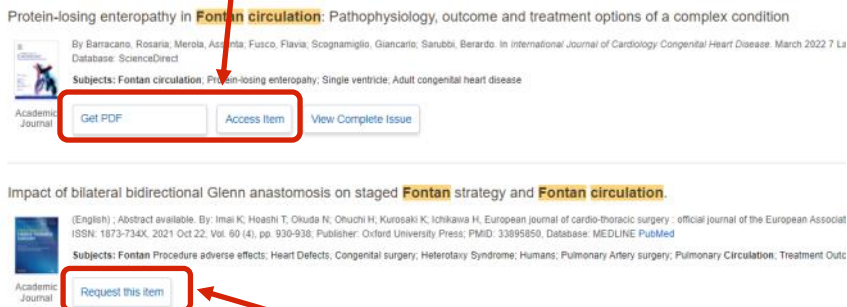

The screenshot shows the search results page for 'Barrett's esophagus'. The page has a blue header with the NHS logo and navigation links. The main content area is divided into three columns. The left column contains a 'Current Search' sidebar with filters for 'Limit To' (Full Text, Peer Reviewed, Institutional Resources) and 'From' (Date range). The middle column displays search results, including a 'Research Starter' for 'Barrett's esophagus' and several articles. The right column contains a 'Further Resources' sidebar with links to 'BMJ Best Practice', 'BMJ Case Reports', 'BMJ Learning', 'Google Scholar', 'NICE Evidence', and 'Trip'. Red arrows point from the text below to the 'Limit To' sidebar and the 'Further Resources' sidebar.

Use the limits on the left side menu to limit your results, for example, by date range, language, etc.

The buttons on the right allow you to run the search in other resources.

Click the 'Get PDF' or 'Access Online' button to open the full-text.

Articles not available online you can request using the 'Request this item' button—enter your name and email into the pre-populated form.

Don't have an NHS Athens account?

No problem, create one today for free access to all the library resources! <https://openathens.nice.org.uk>

The **LibKey Nomad** browser extension shows you a link to the full-text when you are searching certain scholarly websites (such as PubMed, Wikipedia, and journals) with one-click access! [More details on our website.](#)
