Library News

In December we said farewell to Lynda, the library manager for the past 10 years, as she retired. Lynda has been instrumental in developing and leading the service and has overseen several major changes during her time here, most recently the development of the new LE&D Hub library space. Alison Thornley has been appointed as the new Library Manager. Ask Alison about any aspect of the library, including stock suggestions and to discuss how the library could support you and your team. Email: alison.thornley2@nhs.net

The Librarians have won several awards recently in recognition of their work. Holly, Clinical Librarian, won silver in the regional LIHNN Service Development Awards for her project with the gastroenterology department to improve how information is shared with their patients. Alison won the LIHNN David Stewart Award for demonstrating a positive contribution to health libraries for her work implementing the new regional library management system.

For those of you who haven't yet visited the new LE&D Hub and library, why not watch this short video to see what's on offer? <https://www.youtube.com/watch?v=qV9NHHJec5w>

Alison & Holly

The new way to book teaching rooms & pods

Pods and teaching rooms in the LE&D Hub, the lecture theatre and Undercroft rooms can now be booked on UBook. Login with your NHS email account.
