

LIBRARY & KNOWLEDGE SERVICE

**LIBRARY
HANDBOOK**

WELCOME!

The Library & Knowledge Service is here to support evidence-based decision making at East Cheshire NHS Trust. We are a small, friendly team of information professionals who can facilitate access to evidence-based information to support clinical and corporate decision making. We provide access to a wide range of quality information resources, and tailored support for staff, whatever role you are in.

WWW.EASTCHESHIRENHSLIBRARY.NET

The library is staffed Monday to Friday 8:30am to 4:30pm (excluding bank holidays). 24/7 access is available to all trust staff - just swipe in with your trust ID badge. Study facilities, PC access, and a self-service kiosk to issue or return books are all available 24/7.

Join the library today - complete the online registration form, or call into the library!

"The evidence search was undertaken and completed by Holly Cook, Clinical Librarian, and it provided exactly the type of information I was looking for but had not been able to find myself."

"The library services have supported me through my study, given me confidence and also helped me to find resources which support excellent patient care"

"The search saved me time so I was able to utilise this seeing patients in my clinical nurse specialist role."

"My knowledge has increased and given me the confidence to inform other members of staff around best practice guidelines. Being able to access these resources enables me to reflect on my practice and ensure it is constantly evolving."

Evidence Search Service

We provide evidence and literature search services, free of charge, to save you time and ensure that you have the information you need. This service is available to all East Cheshire NHS Trust staff to support best practice in the workplace, management decisions and the improvement of patient outcomes.

Let us use our knowledge and expertise to find evidence to help you deliver evidence based patient care, answer clinical questions, support research, guideline development, service development and management decisions. Complete the online form and let us know what information you need and when you need it by. We will do the searching for you!

SERVICES

Wellbeing

The library isn't just for work-related resources. We also have a great fiction collection to support staff wellbeing. We run different reading challenges throughout the year to promote the proven benefits of reading for pleasure. There is also a collection of self-help books and the books on prescription collection.

Book club

We meet once a month at lunchtime and all trust staff are welcome to join. Get in touch for more details!

Study facilities

PCs and study facilities, as well as collaborative work areas and individual and group pods.

"Thank you for the help you have given me in sourcing difficult to find articles for my current work-related research project. Articles were found more quickly than I thought they would be and I am extremely grateful."

Inter-Library Requests

Any books or journal articles which aren't available from our collections can usually be obtained for you from other libraries. Let us know what you need and we will use our networks to source them!

KEEPING UP-TO-DATE

Bulletins & Updates

The library produces a range of monthly bulletins and bi-annual updates on a variety of topics and clinical specialties. A full list is available on the library website: www.eastcheshirenhslibrary.net/keep-up-to-date.html

"These are a really accessible and easy way to keep up to date with developments in the field. There are articles I would have missed without these updates & I always advise my colleagues to set them up"

KnowledgeShare

KnowledgeShare is our targeted current awareness service. We'll let you know when we find high-impact publications in your area, including guidelines, policy and high-level research evidence. Alerts are emailed out every fortnight. Your KnowledgeShare profile can be created to be as broad or specific as you need, and can be updated if your interests change. For example, you could receive all alerts on obstetrics or limit to only items related to gestational diabetes. KnowledgeShare contains summarised evidence; you will not be inundated with primary research articles. Sign up today!

www.eastcheshirenhslibrary.net/knowledgeshare.html

Database alerts

Create and run an evidence search in one of the databases (e.g. Medline, Cinahl, etc). When you save the search you can create an alert. You will then receive automatic updates to the search results at regular intervals. For complex clinical or professional interests this is a good way to keep your updates very specific.

Get in touch for help to set up alerts!

Twitter

Follow the Library on Twitter and keep up-to-date with news from the library and relevant health news stories.

<https://twitter.com/TheStaffLibrary>

"I learn a lot from all the updates that I read and receive. It's free, brilliant to keep skills and knowledge up-to-date!"
